Estimates for FY25/26 are early-stage estimates and will be finalised over next couple of weeks for more accurate figures as part of the annual baseline.

- 2022/23 data was collected as a one-off year-end exercise. Monthly breakdowns are unavailable.
- From 2023/24 onwards, pipe renewals have been tracked monthly as part of improved reporting processes.
- 2024/25 data includes work completed up to May 2025 and an estimate for June. Final totals will be confirmed in July.
- 2025/26 figures are preliminary estimates and will be confirmed through our annual planning process.

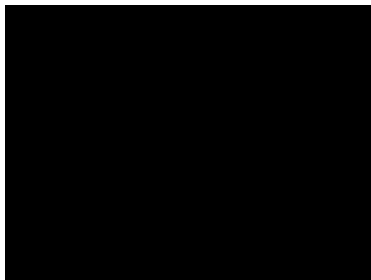

These figures reflect the scale and timing of renewals across a multi-year infrastructure programme and may fluctuate based on project timelines and funding decisions.
