Subject: RE: Comms and engagement cost for Barber Grove

Hi [REDACTED]

I've had a quick look at the schedule of prices for the McConnell Dowell contract, I've pulled the following information that may be relevant:

- \$19,241.96 was included and paid for "public notification" - this will include the allowance for [REDACTED] (she is McD employee)
- \$16,560.34 was included in the early contractor involvement (ECI) stage for a comms resource – I believe this service was provided by Gen Drake, it was before my time on the project.
- \$12,654.5 is in tech one was WWL direct costs for comms materials, design and printing – this includes works arranged by [REDACTED] with Hey Smarty Pants

Latitude had limited involvement and were engaged by Stantec.

I don't think I have any other work that included additional comms, my rule of thumb was to have them engaged by the consultant.

Mā te wā,

Subject: Comms and engagement cost for Barber Grove

Kia ora [REDACTED]

Hope you're having a good week.

I'm compiling some info for a media LGOIMA on comms contractor costs. I've gone out to the previous panel members to source their costs for the past few years when our previous model was to outsource comms and engagement work. I'm getting the bulk of the info but realised that for projects like Barber Grove we used some non-panel members for delivery. Could you please provide me with the costs for all the comms and

engagement contractors that we used on Barber Grove? From memory we had Latitude, McConnell Dowell had a stakeholder manager (██████████) involved, as well as a Stantec engagement person at the beginning as well (██████████).

I've already asked Stantec for the cost of ██████████'s time on Barber Grove but don't have a contact for McConnell Dowell. Also, not sure if Latitude was contracted via Stantec or McConnell Dowell for the project so be good to know in case we're not capturing the full picture.

Are there any other major projects that you've worked on in the past few years where we would've have used non-panel members' communications or engagement staff? If so, could you please send me the details for these for the following FYs:

- FY 20/21
- FY 21/22
- FY 22/23
- FY23/24
- FY 24/25

I have also sent an email to ██████████ to see if he can canvas the rest of the major projects team for this request.

Cheers,

█
