Official information requests to Wellington Water Limited: NZ based suppliers.

Thank you for your requests received on 1 May 2025 asking for:

“In the population of suppliers of products/services to Wellington Water, how many that are NZ based do not have an nzbn or Nz company registration number associated with their details recorded in your payment system?”

“Do you even use these registers to check company details?”

“How many different payee details have the same bank account number?”

Your request is responded to in accordance with the Local Government Official Information and Meetings Act 1987 (the Act).

“Wellington Water has 115 suppliers of products /services that do not have a nzbn or NZ company registration. We check registers to check company details. There is one instance where different payee details have the same bank account number. In this instance, there are two vendors with the same bank account. One of these vendors is the overarching company/group and the other is a subsidiary of that company.”
