

Silverstream Pipe Bridge Programme

Realigning the Te Marua – Karori Bulk Water Main at Silverstream

KEY

PHASE 1: Kingsley Water Main Replacement

Replacing bulk water pipes from the Kingsley Water Pump Station to connect to the Silverstream Pipe Bridge. **COMPLETE**

PHASE 2: Eastern Hutt Road Watermain Renewal

Replacing bulk water pipes from Fergusson Drive/SH2 along Eastern Hutt Road to connect with the Silverstream Pipe Bridge.

PHASE 3: Manor Park Pipeline

Installing new bulk water pipes under the Manor Park Golf Course and Conservation Area connecting to the Silverstream Pipe Bridge (northern end) and the bulk water pipe that carries water under SH2 and to Porirua and Wellington (southern end).

PHASE 4: Silverstream Pipe Bridge

Building a new bridge across Te Awa Kairangi / Hutt River to carry the bulk water pipe that supplies Porirua City's drinking water, and up to 40% of Wellington City's water.

COMPLETED PIPELINES

Sections of pipeline that have been completed
