

Lake Ferry Wastewater Treatment Plant performance - January 2026

Commentary	Items of significance	Current status	
<p>The new resource consent application was submitted in August. However, ongoing work associated with the consent process will be managed by South Wairarapa District Council.</p>	<p>With effect 1 July 2025, SWDC took back ownership of the Capital Delivery Programme and associated projects.</p> <p>The source of current high inflow and infiltration is still not funded for WWL to undertake investigations. Peak loads during wet weather events are impacting on the plant's hydraulic capacity, which is likely to adversely affect the plant's performance and compliance.</p>	<p>Compliant, but faces certain risks</p>
