## Greytown Wastewater Treatment Plant performance - September 2025

Commentary	Items of significance	Current status	
<p>In 2023, Greater Wellington Regional Council issued letters requesting explanations of non-compliance. Wellington Water is implementing the required corrective actions where possible within the plant and resource constraints.</p> <p>Capital delivery is with SWDC, major investment is required.</p>	<p>With effect 01 July 2025, SWDC took back ownership of the Capital Delivery Programme and associated projects.</p> <p>WWL submitted a draft growth and capacity study to SWDC in December 2024; SWDC have taken ownership and need to consider the next steps.</p> <p>GWRC sent a "Please Explain" regarding the WWTP effluent quality non-compliance. WWL replied to the letter within the required timeframe.</p>	Non-compliant	

# Featherston Wastewater Treatment Plant performance - September 2025

Commentary	Items of significance	Current status	
<p>Major investment is required to achieve a new consent.</p> <p>The Consent hearing was held in July. A decision is expected around mid – Oct.</p> <p>However, going forward, the consenting process will be managed by SWDC as part of the upgrade project.</p>	<p>With effect 01 July 2025, SWDC took back ownership of the Capital Delivery Programme and associated projects.</p>	<p>Compliant</p>	

# Lake Ferry Wastewater Treatment Plant performance - September 2025

Commentary	Items of significance	Current status	
<p>The new resource consent application was submitted in August . However ongoing work associated with the consent process will be managed by SWDC.</p>	<p>With effect 01 July 2025, SWDC took back ownership of the Capital Delivery Programme and associated projects.</p> <p>Source of current high inflow and infiltration is still not funded for investigation. Peak loads are impacting on the plant’s hydraulic capacity, which is likely to adversely affect the WWTP performance and compliance.</p>	<p>Compliant, but with the risks identified below</p>	

## Martinborough Wastewater Treatment Plant performance - September 2025

Commentary	Items of significance	Current status	
<p>As capital delivery is with SWDC, Greater Wellington Regional Council (GWRC) has lifted the Abatement Notice it issued to WWL in June.</p> <p>Capital delivery is with SWDC, major investment is required.</p>	<p>With effect 01 July 2025, SWDC took back ownership of the Capital Delivery Programme and associated projects.</p> <p>Current plant design is insufficient to avoid non-compliance.</p> <p>WWL submitted a draft growth and capacity study to SWDC in December 2024; SWDC have taken ownership and need to consider the next steps.</p>	Compliant
