For and on behalf of
WELLINGTON REGIONAL COUNCIL

Manager, Consents and Investigations

STANDARD CONDITIONS

1. This consent is subject to all relevant provisions of the Resource Management Act 1991, its amendments and any regulations made thereunder. It is the obligation of the consent holder to comply with all the statutory requirements relating to the exercise thereof.
2. The consent holder may keep all such records as may be reasonably required by the Wellington Regional Council and shall, if so requested, supply this information to the Wellington Regional Council.
3. This consent is subject to the Wellington Regional Council or its servants, or its agents, being permitted access at all reasonable times for the purpose of carrying out inspections, measurements and the taking of samples.
4. The design and maintenance of any works relating to the exercise of the consent must be to a standard adequate to meet the conditions of the consent.
5. An annual charge, set in accordance with Section 36(2) of the Resource Management Act 1991, shall be paid to the Wellington Regional Council for carrying out its functions in relation to the administration, monitoring and supervision of resource consents, and for carrying out its functions under Section 35 (duty to gather information, monitor and keep records) of the Act.

GENERAL INFORMATION [not part of the consent]

1. The granting of this consent does not imply compliance with the requirements of any other statute, bylaw or regulation.
2. A consent may be exercised only for the purpose stated in that consent. For example, a consent to take water does not authorise the discharge of water or contaminant into water.
3. A water or discharge consent is not an authority to obtain access to a source of water or a point of discharge.
4. In granting a consent to take or use water the Wellington Regional Council does not guarantee or represent that the quality or quantity specified or implied will be available or maintained.
5. The consent holder must, when required, supply the Wellington Regional Council with information on the exercise of the consent.
6. If there is a serious temporary shortage of water the Wellington Regional Council may issue a direction under Section 329 that the taking or use of any water be apportioned, restricted or suspended for a period of up to 14 days and such a direction may be renewed from time to time.
7. The consent holder may apply, pursuant to Section 127, to the Wellington Regional Council for a change or cancellation of consent conditions, except that the term of the consent cannot be extended by such a change.
8. A consent shall be exercised only by the consent holder or their duly authorised agent. A coastal, water or discharge consent may, pursuant to Sections 135, 136 and 137 and upon written notice to the Wellington Regional Council, be transferred to a new owner of the land in respect of which the consent is granted but on the same terms and conditions and for the same purpose as set out in the consent.
9. The consent holder shall make payment of such annual resource management cost recovery fees as may be notified and confirmed by the Wellington Regional Council from time to time in accordance with Section 36 of the Resource Management Act 1991.
